
Introduced by Senator Murray

February 21, 2003

An act to amend Section 10005 of the Public Utilities Code, relating to public utilities.

LEGISLATIVE COUNSEL'S DIGEST

SB 1031, as introduced, Murray. Municipally owned utilities.

Existing law regulating utilities owned by municipal corporations authorizes a municipality that, in the operation of a utility, develops an excess of water, light, heat, or power, over and above the amount necessary for the use of the municipality and its inhabitants, or a lesser amount as determined by the legislative body of the municipality, to sell, lease, or distribute that excess outside of its corporate limits.

This bill would make technical, nonsubstantive changes in that provision.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.
